

Environmental Policy

Dyers Logistics are committed to achieving continual environmental improvements and protecting the environment through implementing a management system with objectives and targets.

To minimise environmental impacts concerning our activities, products and services, we shall:

- Comply with applicable legal other requirements to which the company subscribes which relate to its environmental aspects.
- Prevent pollution, reduce waste and minimise consumption of resources
- Provide the framework for setting and reviewing environmental objective's and targets
- Document our environmental aspects as well as review, action, implement and maintain them.

Dyers Logistics will communicate with staff and other stakeholders to be role models for others to follow including:

- Educate, motivate and train employees to carry out task in an environmentally responsible manner
- Encourage environmental protection amongst suppliers and subcontractors

This Policy will be communicated to all staff, contractors and suppliers, and be available for the public.
